Professional Experience

Reachify, Marketing Services Web Development Intern	Apr 2024 – June 2024 Muzaffarpur, Bihar
<ul style="list-style-type: none">During my Internship at Reachify Company,I had the oppurtunity to work as Web Development Intern,actively utilizing the CSS, React ,NodeJs ,ExpressJs ,MongoDB.Engineered a website to support their marketing initiatives utilizing React, significantly enhancing user experience by 40% and reducing page load time by 50% across all devices.Collaborated with project managers and development team to brainstorm new ideas. Managed a 4-member Cross functional (product, web,support) team and coordinated the CRM platform.	

Projects

GoodFood - An Food Recipe Knowledge

- The Recipe finder app, built with ReactJS and styled using Tailwind CSS, delivers a dynamic and responsive user experience across all devices. It features a powerful search functionality, allowing users to find recipes by name or ingredient, while also offering recipe exploration by meal type. Each recipe displays comprehensive details, including ingredients, preparation steps, and images, enhancing user engagement.

UNBOUND - Blog Application

- Developed a feature-rich blog platform using the MERN stack, inspired by apps like Medium with user authentication and CRUD operations for creating, editing, and deleting blog posts.
- Designed a responsive and intuitive UI, ensuring a seamless user experience across devices & enabled user interaction with posts, fostering engagement and content sharing.
